

## Assignment 4

4/6/04

<b>Chapter 4 Gathering Web- Based Resources</b>	This chapter discusses searching, organizing, evaluating, and utilizing existing Web resources.
<b>Worksheet for Recording Ideas for Curriculum Plan</b>	You should have completed this worksheet in Assignment 2, so please email me a copy this week!
<b>List of 5 Activities</b>	After reading Chapter 3, you should have developed a list of 5 potentially engaging web-based activities for teaching and learning. Send me your list this week.
<b>10 Web Resources</b>	What web resources have you identified for teaching and learning your WebQuest? Your potential list of 10 web resources is due next week.
<b>Diagram of your Web</b>	By now, you should have created your 1 <sup>st</sup> page – Home/Index – which outlines your WebQuest. Please submit by the end of the week.
<b>Education World</b>	“Creating a WebQuest: It’s Easier than You Think!” Check out yet another article on WebQuests. This site also has great technology integration articles in an archive. <a href="http://www.educationworld.com/a_tech/tech/tech011.shtml">http://www.educationworld.com/a_tech/tech/tech011.shtml</a>
<b>Ozline.com</b>	“Working the Web for Education: Theory and Practice on Integrating the Web for Learning” by Tom March is another great article you may want to review. <a href="http://www.ozline.com/learning/theory.html">http://www.ozline.com/learning/theory.html</a>
<b>Quiz</b>	<b>Next week</b> - Chapters 1-4

All submissions may be made by email attachment. All documents may be PowerPoint and/or Word at this stage. You do not have to create your folder and/or your html documents at this time. I just need to see how you are progressing and how I can help. Dr. Basinger
